

## (OKB) Weed brush

The weed brush can be linked to the (mini)shovel, (mini)crane, tractors, spike, etc. as long as the minimum oil yield is 25 liters.

- By using a movable function with the pivot in front of the vehicle, there is a large swivel range possible. Actually 70 degrees to the left and the right, which ensures that the weed brush can move far besides the vehicle. This gives a good view on the brush.
- The weed brush is designed with an oscillating construction, which ensures that the brush follows the ground. Because of this, it is not necessary to correct the height by unevenness of +/- 15 cm. At the same time, this allows the angle of the brush to be patched, by lifting or dropping the frame, for a more or less aggressive working.
- The diameter of the brush is 750 mm. Option 1000 mm (only with steel cable). By the 750 mm brush, it is possible to choose for (1) 76 bundles steel sheets or (2) 36 bundles steel cable.
- The brush can be operated with two hydraulic functions.
- Available with a brush of steel sheets or steel cable.
- Weight 200 kg.
- An option is the edge knife. The knife is hydraulically folding through a cylinder. Obstacle protection by springs. Can be mounted as well left as right.

- As an option, it is possible to get a rubber flap, which is adjustable in multiple modes.
- The prices are without attachment parts, for these parts see pages 73-77. For more information: [www.kempmachines.com](http://www.kempmachines.com)

	Types	Description	Price
➤	OKBS	Fixed version	€ 1.600,-
➤	OKBM	Mechanical swivel version	€ 1.995,-
➤	OKBZ	Hydraulic swivel version	€ 2.250,-

	Options	Description	Price
➤	OKBF	Movable rubber flap	€ 295,-
➤	OKBE	Electric use of turning and swivelling the brush with 1 function	€ 600,-
➤	OKBEE	Electric use of turning, swivelling and tilting the brush	€ 850,-
➤	OKB3XE	Electric use of turning, swivelling, tilting the brush and the edge knife	€ 1.100,-
➤	OKBJ	Joystick with magnetic base and cable for operating	€ 150,-
➤	OKBKS	Edge knife	€ 1.550,-
➤	OKB1000	Brush diameter 1000 mm, 44 bundles steel cable (min. oil yield 30 liters).	€ 200,-

#### Advice by intensive use:

➤	DL	Return flow connection	€ 75,-
➤	OKBO	Pressure relief valve	€ 125,-

It is possible to choose an option which ensures that the brush can tilt 15 degrees.

The advantage is that the brush can be used more aggressive. This option can be operated either mechanical or hydraulic. The prices are as following:

	Options	Description	Price
➤	OKBKM	Mechanical adjustment	€ 350,-
➤	OKBKH	Hydraulic adjustment	€ 450,-

	Brushes	Description	Price
➤	LBHKG	750mm with 76 bundles steel sheets	€ 185,-
➤	LBSTK750	750mm with 36 bundles steel cable	€ 200,-
➤	LBSTK1000	1000mm with 44 bundles steel cable	€ 275,-
➤	LBNY	750mm with 76 bundles nylon	€ 185,-
