

(RMS) Manure scraper

With the manure scraper you can easily remove the manure from slatted floors. The manure scraper is available on every vehicle

- The manure slide has a rubber that is 500 mm high and 50 mm thick.
- Optional: It is possible to order a rubber slide on top of the manure scraper, which makes it easier to remove the manure along walls.
- Optional: The manure scraper can be ordered with hydraulic adjustable angles, so that you can adjust the width of the slider.
- Weight RMS2900 ± 625 kg.
