

## (RVSXL) Rubber feed scraper XL

Heavy design for intense heavy scraping work..

- Can swivel both left and right 70°, due to 2 cylinders. Because of this the feed won't accumulate and it is possible to swivel while driving.
- The rubber strip can oscillate relative to the mounting frame for good ground adaptation and uniform wear of the rubber.
- Heavy pivot point with Teflon coated bushings.
- Due to the second pivot point, the power is equally distributed.
- Additional pivot point above for support and extra strength.
- Middle part of the bar behind the rubber is 180\*180\*8 mm.
- Standard equipped with extra rubber strengthening at the sides. (VHV).
- Standard equipped with a shock valve.
- Weight RVSXL2855: 485 kg.
